

# Corky Gives the Whole Scoop on the Facts of Life

The essentials that every preteen girl needs in her journey toward adolescence, told with humor and honesty.

Written for girls, ages 9-13, **Corky Gives the Whole Scoop on the Facts of Life** leads girls on a humorous and fact-filled journey about everything from pimples, bras and “fitting in” to menstruation and the basics of reproduction. Corky is a must-have for any girl or family embarking on the “facts of life” topics. Told in a light-hearted and funny way, Corky will engage and empower girls with the awareness, knowledge and **basic** facts they need, while encouraging openness with their parents and caregivers.

Through simple and interactive “scoops,” Corky helps girls understand the natural changes occurring in their bodies, while providing informative (and comforting) tips along the way. **Corky Gives the Whole Scoop on the Facts of Life** is the essential, all-inclusive source for **what girls need to know, when they need to know it.**

The book is ideal for those wishing to be proactive about giving the important coming-of-age talk to their daughters. It also serves as a perfect review of the topics presented in the 5th and 6th grade sex education discussions at school.

Instructors of sex education courses taught in upper elementary and middle school will find the book helpful in their teachings and discussions. The book’s lighthearted, interactive approach to much-needed information is a welcomed complement to round out the fact-based, sometimes dry curriculum.

**Corky Gives the Full Scoop on the Facts of Life** also serves as an effective resource for pediatricians, librarians, and school counselors.

*Witty, fun, and full of fabulous facts... presented in an encouraging and positive light. Just what our girls need.*

- Karen J. Miller, M.D., F.A.A.P.,  
Pediatrician
